

POLAND 25.06 – 30.06.2023

www.rallye-breslau.com

Dear friends,

Our rally with almost 30 years of history and traditions is the biggest meeting point of off-roaders in Europe, who share the same passion and follow the same principles. Already three generations of competitors meet in Poland every year at the end of June and go for the great challenge of the Breslau.

Last year we managed to organize the extraordinary rally routes around Zagan that for many competitors and ORGA were like travel back in time and many memories became alive again.

We want to celebrate again this indescribable feeling of driving in the Polish Sahara with elements that are specialty of the Breslau only, so we will go again to Zagan.

Rallye Breslau has long partnership with the city of Zagan and we are happy to honor it.

Dear Breslau Family, I'm connected to this legendary event not from its very beginning in 1995 but in the last 22 years it's a part of my life. Like you, I have so many memories, so many emotions, such great friendships being closed there and if I only had the time I'd put it in a book.

It's never been easy to do the Breslau, neither in the 9 years as competitor, nor after that as organizer. And it could work because of the decades of true partnership with army, forestry, environmental authorities, mayors and municipalities, and we express our sincere gratitude to them. It could work because Rallye Breslau has always been strictly following the agreements and has kept the laws in Poland and has built the image as a serious and reliable organizer. We are welcome in this beautiful country!

Of course, there is a handful of people from our team in Poland who never gave up pushing, working, trying and went beyond all borders to make the rally happen in these extremely difficult times. We thank them from the bottom of our hearts!

Long live Rallye Breslau Poland! Stronger than ever before!

I look forward to seeing you at the start.

**Yours,
Alexander Kovatchev**

IMPORTANT NEWS FOR 2023

1

Reduced fuel autonomy requirements. Maximal distance between refuellings:

- **100 – 110 km** for Enduro and ATV
- **150 km** for SSV, Cars and Trucks

No auxiliary or bigger tanks for Enduro, ATV and SSV are necessary.

If vehicles are already equipped with such tanks, compliant with the Regulations, they can be used.

Refuelling points and refuelling facilities will be provided in the selective sections by the Organizer.

Refuelling in the service park must be provided by the competitors themselves.

2

The transfer from Bivouac 1 Zagan to Bivouac 2 Drawsko will be done on Tuesday, 27.06 after Leg 2. The rally vehicles may be loaded and transported by the service.

Competitors have the possibility to participate in the event without assistance personnel, if they service and transport the rally vehicles by themselves.

Road sections for the whole rally are brought to the minimum.

3

Each rally team will be allocated a marked place in the bivouacs where assistance vehicles will be parked and area for servicing will be formed. The size of the marked place will be defined by the number and type of the registered assistance vehicles.

More details can be found in the Supplementary Regulations.

ENTRIES ARE OPEN AT STANDARD RATES UNTIL 15.05.2023
